## USTR Releases 2019 National Trade Estimate Report

03/29/2019

*Report Underscores Importance of the Administration's Fair and Reciprocal Trade Policy for U.S. Exporters*

Washington, DC – The Office of the U.S. Trade Representative (USTR) today released the 2019 National Trade Estimate (NTE), an annual report on the status of foreign trade and investment barriers to American exports around the world.

The findings of the 2019 NTE underscore the [President’s 2019 Trade Policy Agenda](#) ([https://ustr.gov/sites/default/files/2019 Trade Policy Agenda and 2018 Annual Report.pdf](https://ustr.gov/sites/default/files/2019%20Trade%20Policy%20Agenda%20and%202018%20Annual%20Report.pdf)) priority for aggressively enforcing U.S. trade law and defending U.S. trade interests around the world.

### **Background:**

The NTE is the U.S. government’s major annual report on the barriers to trade, investment, and services that American exporters and other businesses and their workers encounter around the world. The report is required to be published each year by March 31 and is submitted to the President and Congress. The USTR works closely with other government agencies and U.S. embassies to prepare the NTE.
